

Win Myat Aung

FULLSTACK DEVELOPER

I'm a 20-year-old fullstack developer with hands-on experience in React, Next.js, Node.js, TypeScript, and PostgreSQL. I've built and deployed several projects, including a website integrated with an LLM agent. Currently completing my HND in Computing and progressing to a B.Sc, I combine academic learning with real-world project work to deliver scalable, modern web solutions.

EXPERIENCE

WEB AND SAAS APP DEVELOPER

Myint Thukha Nadi Company

2024 - Present

- Developed and deployed fullstack web applications using React, Next.js, Node.js, TypeScript, and PostgreSQL.
- Integrated a Large Language Model (LLM) agent into a live website to automate responses and enhance user interaction.
- Designed and implemented responsive UIs with TailwindCSS + shadcn/ui, improving usability across devices.
- Built REST APIs and worked with databases (PostgreSQL, MongoDB) for scalable backend systems.
- Collaborated with teammates using GitHub version control, managing multiple branches and pull requests.
- Deployed applications on Vercel/Netlify, ensuring optimized performance and availability.
- Applied basic DevOps practices: monitoring, debugging, and maintaining smooth application performance.
